

Welcome

It is our honour and privilege to have you with us today. We are celebrating 20th anniversary of our Centre and more than 25 years of the formation of APDBO.

We started small and there were only a few of us back then, but with dedication and hard work we have carved out a niche for ourselves. As reformist Dawoodi Bohras we have not only established our identity but have also created a safe and stable environment for our members to practice our religion and customs in a meaningful way.

Over these two days we'll have a number of opportunities to highlight our successes and deliberate about our future. Please try to join us in all the programmes so that we can learn from one another, strengthen our bonds and also have a good time in the spirit of open doors, open hearts and open minds.

Thank you for coming.

They made it happen

A big thank you to the Planning Committee for its untiring efforts in organising this landmark event.

All the good things that you are going to experience today and tomorrow are the result of endless meetings, discussions and planning. Naseem Jivanjee and her team of volunteers have worked hard over the past few months to make this possible. Once again they showed how we can come together as a community and make things happen. APDBO thanks them for their time, effort and dedication.
